Tested application	Website https://nutridome.pl/ Nutridome is a website store with natural cosmetics for men and women. To place an order isn't required to create an account, but within for testing process, I did it. Some product in store besides regular price has an option "purchase cyclical" and customer can decide to its regular delivery.
Issue type	functional

(functional, visual, content,	
performance, crash)	
Frequency	every time
Issue category	
critical/major/medium/mino	medium
r	
Action performed	
1. Create account at https:/	//nutridome.pl and log in
2. Find a product and add	it to the basket with the option "purchase cyclical".
3. Pay and accept the orde	r
4. Go to My account/Purch	ase cyclical

Comment:		
	onths ago. Option "purchase cyclical" to elementary products owners, and now it's impossible to put screenshots.	
was deleting by Natindonie s	owners, and now it's impossible to put screenshots.
